TECHRON Clean
THE 5-STAR FUEL

Pollution

Protection

Caltex with Techron® cleans your engine to help *lower emissions.*

Using a lower quality fuel

Intake valve after just 16,000 km

Using Caltex with Techron

Intake valve after just 16,000 km

Not all fuels are the same. Only Caltex contains Techron, a technologically-advanced additive to keep your engine clean. It removes deposits left behind by lower quality fuels for a cleaner engine that helps emit less harmful substances into the environment. That's just 1 of 5 benefits you'll get to enjoy. Find out more at techron.com

Caltex with Techron. The 5-star fuel.
